S PUGAZHENDHI

has successfully completed the online, non-credit Professional Certificate

Google Digital Marketing & E-commerce

Those who earn the Google Digital Marketing & E-commerce Professional Certificate have completed seven-courses, developed by Google, that include hands-on, practice-based assessments and are designed to prepare them for entry-level roles in the field. They are competent in foundational skills in digital marketing and e-commerce.

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.

Dhiya B

has successfully completed the online, non-credit Professional Certificate

Google UX Design

Those who earn the Google UX Design Professional Certificate have completed seven courses, developed by Google, that include hands-on, practice-based assessments and are designed to prepare them for introductory-level roles in UX design. They can complete the design process from beginning to end: empathizing with users, defining their pain points, coming up with ideas for design solutions, creating wireframes and prototypes, and testing designs to get feedback.

The online professional certificate holder has this certificate as proof of their skills from the above-mentioned courses, and has participated in all the above-mentioned courses and assessments at the university. The certificate holder has taken a university-grade course in the field of design, and has not used any other source of education.

GOWSIKA A

has successfully completed the online, non-credit Professional Certificate

Google Digital Marketing & E-commerce

Those who earn the Google Digital Marketing & E-commerce Professional Certificate have completed seven courses, developed by Google, that include hands-on, practice-based assessments and are designed to prepare them for entry-level roles in the field. They are competent in foundational skills in digital marketing and e-commerce.

Information shown printed on this certificate may differ on student's mobile device, though on-screen, but it is not valid for employment purposes. Participation in this online specialization does not guarantee enrollment at a university. This certificate does not confer a university grade, course-level or degree, and it does not verify the student's identity.
