RAAK

COLLEGE OF ENGINEERING AND TECHNOLOGY

{Approved by AICTE, New Delhi & Affiliated to Pondicherry University}

An ISO 9001:2015 Certified Institution

ENERGY CONSERVATION POLICY

Preamble:

Environment-friendliness and energy harvesting are of prime interest today which is the key factors in achieving Sustainable Development Goals (SDGs) for any organization. Keeping these factors in specifying energy policy of RAAK College of Engineering & Technology we presume that it is in accordance with the prescriptions of National Institution for Transforming India (NITI).

Statement:

The Energy policy of RAAK, conserve and manage the energy needs of the campus with the growth in the energy demands of the institute; It is the responsibility of the institute in creating awareness among the students and staff about the energy conservation measures. Maintain the efficiently utilize the Electrical Energy with maximum utilization of Renewable solar power Generating system and optimal consumption of lighting load with the proper energy conservation measures in the campus. Also maintain green energy campus with utilization of energy management system.

Objectives:

The following objectives will lead to the implementation of RAAK Energy policy

1. Improvement in Energy efficiency to reduce Energy consumption and cost.
2. Minimize the energy consumption by use of energy efficient equipment and maximize use of day light and natural ventilation.

RAAK

COLLEGE OF ENGINEERING AND TECHNOLOGY

{Approved by AICTE, New Delhi & Affiliated to Pondicherry University}

An ISO 9001:2015 Certified Institution

Action Plan:

RAAK College of Engineering & Technology is committed to maximize energy conservation procedures through various measures.

1. Form a committee to monitor and check wastage of energy in the campus.
2. Conduct Green Audit once in a year.
3. Maintain the Energy needs of the campus with back-up power supply system for supplying uninterrupted energy demands.
4. Establishment of energy efficient utilization measures in the supply, demand systems as part of energy management of the campus.
5. Replacement of the existing conventional lighting with the LED lamps.
6. Monitor the electricity bills for the efficient utilization of solar power plant installed in the campus.
7. Create awareness among the students and staff in energy conservation and management by the Eco-club of the college.
8. Encourage students and staff to be energy efficient by encouraging vehicle pooling and use of bicycles.
9. Organizing expert lectures in the area of energy conservation.
10. The Institute shall continuously review and update the approved policy and is committed to its implementation.
11. Awareness programmes including energy campaigns and measures for energy conservation procedures for sustainable development is disseminated in the community as a practice.
12. Directions are given to students are given for the proper utilization of the electronic devices in the institution. Ensures all the institutional electronics are turned off when not in use.

RAAK

COLLEGE OF ENGINEERING AND TECHNOLOGY

(Approved by AICTE, New Delhi & Affiliated to Pondicherry University)

An ISO 9001:2015 Certified Institution

14. Reduce e-waste to maximum with proper maintenance, before moving onto Replace & Recycle stage.
15. Use of energy efficient, star labeled equipment for various purposes.
16. Students and faculty members are given adequate training for energy audit procedures for sustainable institutional and household energy conservation.
